NEWS FROM ST ANDREW'S CHURCH

CHRISTMAS IS OVER... BUT THE GOOD NEWS CONTINUES

As usual, I'm writing this well before you'll read it. In fact, we've not yet had our carol service at St Andrew's yet. I'm looking forward to celebrating with many of you at that event (provided COVID doesn't prevent us). It's lovely to see the church building full at Christmastime.

But the good news of Christmas doesn't just stop after 25th December. We might take down the tree, the decorations, the crib scene... but there's more to Christ than Christmas. A LOT more.

If you've ever wondered what Christians actually believe, pondered whether there's a God, or asked "what's the point of it all?", the Alpha course is for you. It's due to start in Shawbury Village Hall on 11th January at 7:30pm, but we might move it online if COVID cases continue to rise. Please consider yourself well and truly invited.

If you're interested, please email me on revrichcresswell@gmail.com (just so that we can keep you posted regarding whether we're meeting face-to-face or online).

May God's blessing rest upon you.

Rich

For weddings, baptisms and other matters, please contact our vicar, Reverend Rich Cresswell, on 01939 250990 or revrichcresswell@gmail.com to arrange to meet. Our benefice website can be found at <https://shropshirechurches.uk>

Village Hall News

Everyone is welcome to come along to the NEIGHBOURHOOD NATTER events which are held in the hall on the first Thursday of each month. Why not join us for a relaxed cuppa and a chat between 10.30 a.m. and midday? See old friends again and meet some of the many newcomers to the village.

The village hall is available to hire - do you have any ideas for events or activities you'd like to see taking place in the hall? Could YOU organise an exercise class? a history group? flower arranging classes? a toddler group? If so then please do have a chat with a Committee Member. The hall is large, has a recently refurbished wooden parquet floor, is well-equipped with tables and chairs, has a large kitchen and toilets and plenty of parking space. Hire rates are £10 per hour.

Hope to see you there!

Keep Your software updated?

Software updates are an important part of staying secure online. You'll often hear about the new features or performance improvements in a software update, but what isn't talked about as often are the bug fixes and security improvements. Out-of-date software and apps contain weaknesses. This makes them easier to hack. Companies fix the weaknesses by releasing updates. When you update your devices and software, this helps to keep hackers out. Why would cyber criminals target me? Your device contains a lot of personal data that is highly valuable if it fell into the hands of a fraudster. The likelihood is your device will contain your full name, date of birth, address, bank details,

Wildlife Crime - A Step In The Right Direction

Ross Pittam, aged 28, was found on the Davenport Estate in Worfield, Bridgnorth, with a weapon after the gamekeeper heard gunshots coming from the woods. Police found another man also carrying a loaded air rifle,

Further inspections of the area were carried out and officers located the defendant's car, which contained another air rifle, the firearms were seized. Pittam claimed he was given permission to hunt pigeons on the private land, but was unable to provide details of who had given him the permission.

Pittam, of Walsall, was found guilty of trespassing on land with an air weapon, and possessing an air weapon in a public place on October 15. He has now been sentenced at Telford Magistrates Court to 200 hours of unpaid work and ordered to pay £715 in court costs. He also had to surrender his guns.

PC Phillip Nock of West Mercia Police said: "We welcome the outcome of this case and are pleased with the sentencing that was handed down. Generally speaking, convictions relating to wildlife crimes in the UK remains relatively low, so this is a really positive outcome and we hope this will lead as an example to anyone who doesn't think there are conse-
